Pheasants Plentiful,  
State Bureau Head  
Hears From Hunters

COLUMBUS, Nov. 16—(AP)—Three hunters were dead and 11 others wounded today as Ohioans returned to the fields for a second day's foray against rabbits and pheasants.

One of the hunters was shot and killed yesterday as the hunting season opened. The two others died of heart attacks.

An accidental, self-inflicted gunshot wound claimed the life of Ralph Smith, 19-year-old West Liberty soldier home on furlough from Camp Carson, Colo. He was wounded by his own gun while hunting rabbits with his two brothers and died in a Bellefontaine hospital.

### Winona Man Dies

Heart attacks were fatal to Joseph F. Goedde, 58, of Lima, and Leedom S. Cope, 71, of Winona.

Owen Barker, 14-year-old son of Mr. and Mrs. Chester Barker of near London, was accidentally shot in the chest and wounded seriously while hunting six miles south of London.

The boy was wounded by a shotgun blast, accidentally discharged by William Chandler, 23, of Portsmouth, Sheriff Harold Bidwell said.

Several other accidents causing injuries to hunters were reported to police and state highway patrolmen.

Struck in the left thigh by several stray shotgun pellets, L. I. Perkins, 65, of Columbus was wounded Tuesday afternoon near Galena, police reported.

Noah J. Beck, 54, of Columbus was struck in the right knee by stray shot near Arnold, O.

William E. Sherman, 26, of near Pataskala, lost the middle finger and the tip of the first finger on his left hand when his gun exploded.

### Wounded In Leg

William Hawthorn, 21, of Toledo, was wounded in the leg when his brother Charles, 23, fired a shotgun accidentally near Perrysburg. Clarence L. Huffield, 49, of Toledo, was struck in the head by pellets from a shotgun accidentally discharged by a companion. Neither was reported in serious condition.

William L. Louth, 17, of Elida, was struck in the face, arms and

## Average Electric Bill Is \$4.25, Club Told

The consumer's average monthly electric bill is \$4.25, Rufus Moses, divisional manager of the Ohio Edison Co. told Rotary club members at a meeting Tuesday in the Memorial building.

Mr. Moses, who is a vice president of Ohio Edison, traced the growth of the electric utilities companies in the nation. He pointed out that for this \$4.25 monthly charge, the consumer gets 24-hour electric service at the equivalent of 14 cents a day. He explained that the Ohio Edison is continually trying to improve its service for domestic and industrial consumption. T. E. Miller, local Ohio Edison manager, was program chairman.

## Senior Play Preview Given

Public Invited On  
Thursday, Friday

The senior class play, "The Late Christopher Bean," was presented to Junior High school pupils this afternoon. Two other performances will be given to the public at 8:15 p. m. Thursday and Friday.

Besides the nine pupils "out front" in speaking roles, 57 classmates have been busy preparing for the play. Miss Irene Weeks, dramatics teacher, directs the play, an old favorite through many productions on the stage, screen and radio.

Donna Schoss plays the lead in the part of "Abby" who is a New England family house servant. She befriended a struggling artist who later died leaving her some of his paintings. Other paintings owned by the family are later reclaimed and much sought after. The family seeks to trick Abby out of her paintings.

### Cast Members

In other parts are Galen Rich, Helen Schuller, Shirley Hill, Anna Herron, Danny Keister, Walt Mayhew, Rogers Buehler and Harvey Mason.

The "paintings" were prepared by Bernice Swetey, Donald Getz, Janet Trisler, Eileen Crawford, Patty Pasco, Marilyn Liebhart, Jo Ann Conser and James Pearson. The students are members of Mrs. Ethel Headrick's art classes.

Ethel Carr and Don Mathews are bookholders; Janet Trisler, senior director; Treva Bush and Jim Tausch, senior coaches; Marilyn Burns, junior director, and Bob Hill, junior coach.

### Student Assistants

In charge of stage erection are Don Coffee, Walt Mayhew, Dick Grimm, Art Herron, Bob Hickey, George Vaughn, Dave Reichert and Paul Gartner. Darrell Askay, Arthur Vaughan and Dick Ward handle the light and sound.

On the properties committee are George Vaughan, Bab Tarzan, Roger Buehler, Marge Greene, Carol Steffel, Phyllis Flick, Susan Menegos, Joan Schuller, Carol Middeker and Mary Ghisouli.

Dolores Buta and Janice Hertel are mistresses of the wardrobe, assisted by Rose Albert, Marilyn Burns, Judy Gregg, Dana Rice, Jean Cocco and Barbara McArtor.

The stage painting was done by Jo Ann Conser, Lois Firestone, Gerry Van Hovel and Ann Rufer. Make-up is by Nancy Stockton, Carol Steffel, Marge Green, Shirley Hilliard, Marie Vender, Ann Sandrock and Dana Rice.

## Medical Group Elects Three Salem Doctors

Three Salem physicians were named to office when the Columbiana County Medical society elected officers for 1950 at a dinner meeting Tuesday evening in the Wick hotel, Lisbon. Forty members were present.

They are President, Dr. Ralph J. Starbuck; vice president, Dr. R. C. McConnor; secretary-treasurer, Dr. H. F. Hoprich.

Eight local doctors attended. They are Drs. Starbuck and Hoprich and Dr. Guy E. Byers, Dr. Lea Cobbs, Dr. Roy E. Smucker, Dr. F. R. Crowgey, Dr. A. P. Falkenstein and Dr. William F. Stevenson.

Dr. Alan C. Barnes, professor of obstetrics, Ohio State university, who was guest speaker, gave an address relating to recent studies in fertility.

## District Mayors Fine 7 Drivers

Seven drivers were fined in district courts Tuesday after pleading guilty to traffic violations, the state highway patrol reported.

Claude Hunt, 33, of Canfield was fined \$50 and costs by Mayor R. R. Johnson for having improper car registration and \$10 and costs for driving alone with a temporary permit.

Robert Hoprich, 18, of R. D. 3, Salem, was fined \$10 and costs by Johnson for having no driver's license.

Melvin Steer, 22, of R. D. 1, Leetonia, was fined \$50 and costs by Mayor Lloyd Culler of Washingtonville for reckless operation.

Ennis Metts, 24, of 1750 E. State st. was fined \$35 and costs by Culler for driving to the left of the center line.

William Pickens, 21, of R. D. 3, Lisbon, was fined \$10 and costs by Johnson for passing on a curve.

Gene Boals, 19, of 373 N. Broadway was fined \$15 and costs by Culler for a stop sign violation.

Frank C. Denny, 31, of R. D. 1, Salem, was fined \$5 and costs by Mayor Unger of Sebring on a similar charge.

## Five More Firms End Steel Strike

PITTSBURGH, Nov. 16—(AP)—Five more companies have reached strike-ending agreements with the CIO-United Steelworkers, sending an additional 17,000 members of the union back to work.

All of the agreements announced yesterday were similar to that reached by the Bethlehem Steel corp. and other firms. They provide company-financed \$100 pensions, including federal social security, and five cents an hour for health insurance, paid half by the company and half by the workers.

The companies involved in yesterday's back-to-work movement:

Sharon Steel Corp. with 5,921 listed steelworker members at Sharon and Farrell, Pa., and Lowellville, O.

Pittsburgh Steel Co. with 6,969 workers at Allentown and Monaca, Pa.

Babcock-Wilcox Tube Co. with 2,000 workers at Beaver Falls, Pa.

McClouth Steel Corp. with 800 employees in the Detroit area.

## Ballot Change Up To Court

Question Of Majority  
Needed Is Posed

COLUMBUS, Nov. 16—(AP)—Attorney General Herbert S. Duffy has tossed the question of whether Ohio voters legally approved the office-type ballot to the State Supreme court.

The ballot change was approved by a 250,000 majority of those voting on the issue. But fewer than half of those who went to the polls Nov. 8 marked their ballots on the Constitutional amendment.

Therein lies the question the court is asked to decide.

Proponents of the new-type ballot contend there was a typographical error on petitions which put the issue on the ballot. The petitions stated the issue should be considered passed if "a majority of those voting in the election" should approve.

Proponents say the phrase should have read: "A majority of those voting thereon in the election." They contend the word "thereon" was dropped through a typographical error.

Secretary of State Charles F. Sweeney, in preparing the issue for the ballot, followed the wording of the petitions.

Proponents of the measure say he should have followed the Ohio

## Appeals Court Decision Favors Defendant

LISBON, Nov. 16—The Seventh District Court of Appeals completed a two-day session here Tuesday, reserving its decision in seven of the eight cases.

Judges J. C. Nichols, Elmer T. Phillips and Elmer Buckley of the appellate bench entered \$2,310 judgment for Mrs. Bessie Curran and against the board of trustees of the East Liverpool police relief fund.

The action was brought by Mrs. Curran as guardian of the person and estate of George P. Curran, a former member of the East Liverpool police force who was injured while on duty.

The higher court will hand down decisions in other pending matters at a later date, it was indicated.

# Quick Action Needed To Save Face In Far East

## Girl's Killer Being Sought In Mexico

Axe Murderer Of Tiny  
Los Angeles Child  
Object Of Search

LOS ANGELES, Nov. 16—(AP)—An international manhunt was on today for a 66-year-old retired baker wanted for questioning in the brutal slaying of six-year-old Linda Joyce Glucoft.

An autopsy, meanwhile, disclosed details of the vicious brutality of the attack.

The mutilated blanket-wrapped body of the little girl was found early yesterday buried under rubbish in the backyard of a neighbor's house where she was last seen alive. In that house lived Fred Stroble, 66, retired baker, at large in another child molestation case. Stroble, a police broadcast said, "is believed to have murdered" Linda Joyce.

### Bus Driver Gives Clue

A bus driver told police he drove a man resembling Stroble across the Mexican border. Police there launched a search for him.

Officers at San Bernardino, 60 miles east of here, hunted for a man a bartender identified a Stroble from newspaper photos and a mutilated finger. The man was reported to have left a bus upon its arrival from Los Angeles.

The child had been strangled by a man's tie and her body hacked with an axe and stabbed by an ice pick or similar instrument.

Dr. Frederick D. Newbarr, county autopsy surgeon, said death was caused by asphyxia from strangulation. He found three stab wounds, two of which penetrated the lungs. Dr. Newbarr believes they were inflicted while the girl was dying.

### Struck After Death

Twelve slashes in her head presumably were made by a bloody axe found at the scene. One severed her spinal cord. Dr. Newbarr said all were delivered after the girl was dead. The surgeon found evidence that she had fought back. Strands of hair were in her jagged fingernails.

While Det. Sgt. Bill Brennan said that all evidence pointed to rape, Dr. Newbarr said he found no evidence of a sexual attack on the child. However, he said microscopic tests will be made to determine this.

Linda Joyce had been missing since Monday afternoon when she ran laughing out to play. Police believe she had gone to the home where Stroble was staying to play with his grandchild, Rochelle Hausman, six. Rochelle's backyard, with its swings and teeter-totters, was a neighborhood mecca for kids.

## "Newspapering" Is His First Love

Linotype Operator At  
News Is Awarded  
50-Year Pin

Harry D. Arnold, 72, of R. D. 2, Leetonia, has delved into a lot of occupations during his lifetime, but newspapering is his first love.

Arnold, who has just been awarded a 50-year pin for active membership in the International Typographical Union, is employed as a linotype operator at The Salem News.

Former mayor of Leetonia from 1922 to 1923, he was postmaster there from 1933 to 1948, serving the longest term in the city's history.

Owner of the Leetonia Reporter until 1940, he assumed control of that newspaper when his father died in 1923.

Arnold became a journeyman printer Nov. 1, 1899, as a member of Local No. 318 of the I.T.U. while working for the East Liverpool Review. The late Louis Brush bought the Review shortly before the veteran began working there.

He has held various jobs connected with the newspaper field throughout his lifetime. After serving with The Review from

## Diplomatic Officials Say Secretary Acheson Faces Vital Decisions On Ship's Shelling, Jailing Of Several Yankees

By JAMES E. ROFER

WASHINGTON, Nov. 16—(UP)—Diplomatic officials said today the United States must act swiftly and boldly to save face in the Far East.

They indicated the State department is preparing to take strong steps to protest the shelling of an American freighter by Chinese Nationalists and the jailing by Chinese Communists of several Americans, including Consul-General Angus Ward, at Mukden, Manchuria.

These officials declined to specify what action the United States will take. But Secretary of State Dean Acheson may give some inkling at his news conference.

Mr. Acheson, just back from a meeting of the western Big Three foreign ministers in Paris, conferred with President Truman late yesterday. Then he began a series of conferences with his State department aides.

He must steer America's course through these controversies:

1.—A Nationalist Chinese warship attack on an American vessel, the Isbrandtsen Co.'s Flying Cloud, off Communist-held Shanghai. The Flying Cloud was trying to run the Nationalist blockade of the port when a gunboat intercepted the ship, opened fire and blew a 13-inch hole in its side.

2.—Communist China's failure to release Mr. Ward and four of his aides who were arrested in Mukden on Oct. 24. American protests to Communist authorities in Peiping have not even been answered.

3.—Communist North Korea's detention of Albert Willis of Brooklyn and Alfred T. Meschter of Kinderhook, N. Y., two employees of the Economic Cooperation Administration. They were aboard a steamer when the South Korean crew mutinied Sept. 22 and took the vessel to Communist North Korea. A North Korean broadcast, which acknowledged for the first time that the Americans were in Communist hands, indicated they might be released if the United States appealed directly to the North Korean "government." This the United States will not do because it refuses to recognize the Communist regime as a government.

4.—Communist China's detention of two American fliers—William C. Smith of Long Beach, Cal., and Elmer C. Bender of Cincinnati—who fell into Com-

## 3 County Prisoners Sentenced For Escape

LISBON, Nov. 16—Three Columbiana county prisoners in the Mahoning county jail have received jail sentences for their parts in an attempted jail break about six weeks ago.

Eugene Wolf of East Liverpool and Fern Smith of Jefferson, Ohio, were sentenced to 90 days. Vance R. Bradley of Wellsville got a 30-day sentence.

The trio, along with two Mahoning prisoners, sawed two bars from a cell window with a saw blade smuggled into the jail by an accomplice of one of the Mahoning men.

## Mayor Burke's Decision Next On Senate Race

Now That Lausche  
Is Out, Toledo  
Mayor Makes Bid, Too

By ARTHUR A. PARKS

COLUMBUS, Nov. 16—(AP)—The Democratic party is scheduled to lose one potential candidate for the 1950 U. S. senatorial nomination today.

He is Gov. Frank J. Lausche, who is reported ready to take himself out of the race which he never entered.

But there will be no dearth of candidates.

Toledo's Mayor Michael V. Disalle is ready to support Cleveland's Mayor Thomas A. Burke for the nomination, according to usually reliable sources.

### Will Jump In

But, according to the same sources, if Burke decides to forego the race, Disalle will enter it. Burke's reported reply: He wants to think things over for a few weeks.

If Disalle does seek the Democratic nomination, he will face formidable opposition in the person of State Auditor Joseph T. Ferguson, already an avowed candidate.

Ferguson refused to admit dismay several months ago when labor leaders were attempting to persuade the Farm Bureau's Murray D. Lincoln to toss his hat into the ring, and, reportedly, were trying to persuade Ferguson to take his hat out.

In recent weeks, the Lincoln boomlet appears to have cooled off. Whether it will warm up again is a matter of conjecture.

The Democratic nominee, whoever he may be, will emerge from the primary only after a lustrous intra-party fight, it now appears. For if either of the northern Ohio mayors enters the race against Ferguson, it would appear likely to be at least a three-man race.

William L. White of Newark is in the race already.

Former U. S. Senator James W. Huffman said during a visit to

## Found Guilty Of Treason Against U. S.

Former Embassy  
Clerk Faced With  
Broad Sentence

WASHINGTON, Nov. 16—(AP)—Herbert J. Burgman, 53, long a clerk in the American embassy in Berlin, was convicted late yesterday of treason to his country.

Instead of coming home with other diplomatic personnel when the United States and Germany went to war, Burgman remained behind and became a radio propagandist. He is a native of Hohok, Minn.

Burgman faces a maximum sentence of death, a minimum penalty of five years in prison and a \$10,000 fine.

Federal Judge Alexander Holtzoff, who received the jury's verdict shortly after 5 p. m. yesterday, did not indicate when he will pass sentence. Before doing so, he must dispose of the customary defense motion for a new trial.

If Burgman heard and understood the verdict branding him as a traitor he gave no indication.

Suffering from a heart ailment, he sat slumped in a wheel chair when Jury Foreman Homer R. Baker, a physician employed at the Naval research laboratory, announced the jury had found Burgman "guilty as charged."

Burgman's German wife and his German-born son, Thomas, 26, likewise showed no reaction. Both had testified in his behalf.

The defense contended (1) that Burgman was mentally incompetent when he made the propaganda broadcasts and (2) that he acted under duress.

## Will Clamp Down On Garbage Rules

More strict enforcement of city ordinances on garbage collection has been promised city council by the city health department, Tuesday as Commissioner R. T. Holzbach urged action toward a city operated collection system in a letter to council Tuesday.

Answering an earlier request by council for action to have local garbage trucks covered, Holzbach said the operators of the collection firms have been warned that strict enforcement of the laws will be made beginning Jan. 1.

He explained that during the war and up until a year or two ago enforcement of provisions in ordinances would have left the city without adequate collection.

### Explains Stand

He explained that the operation of private systems on a fee basis is not large enough to warrant the proper expenditures for equipment by collectors.

Holzbach urged a municipal collection system, paid for by tax income, to adequately service the city. He said proper and sanitary disposal of garbage requires that.

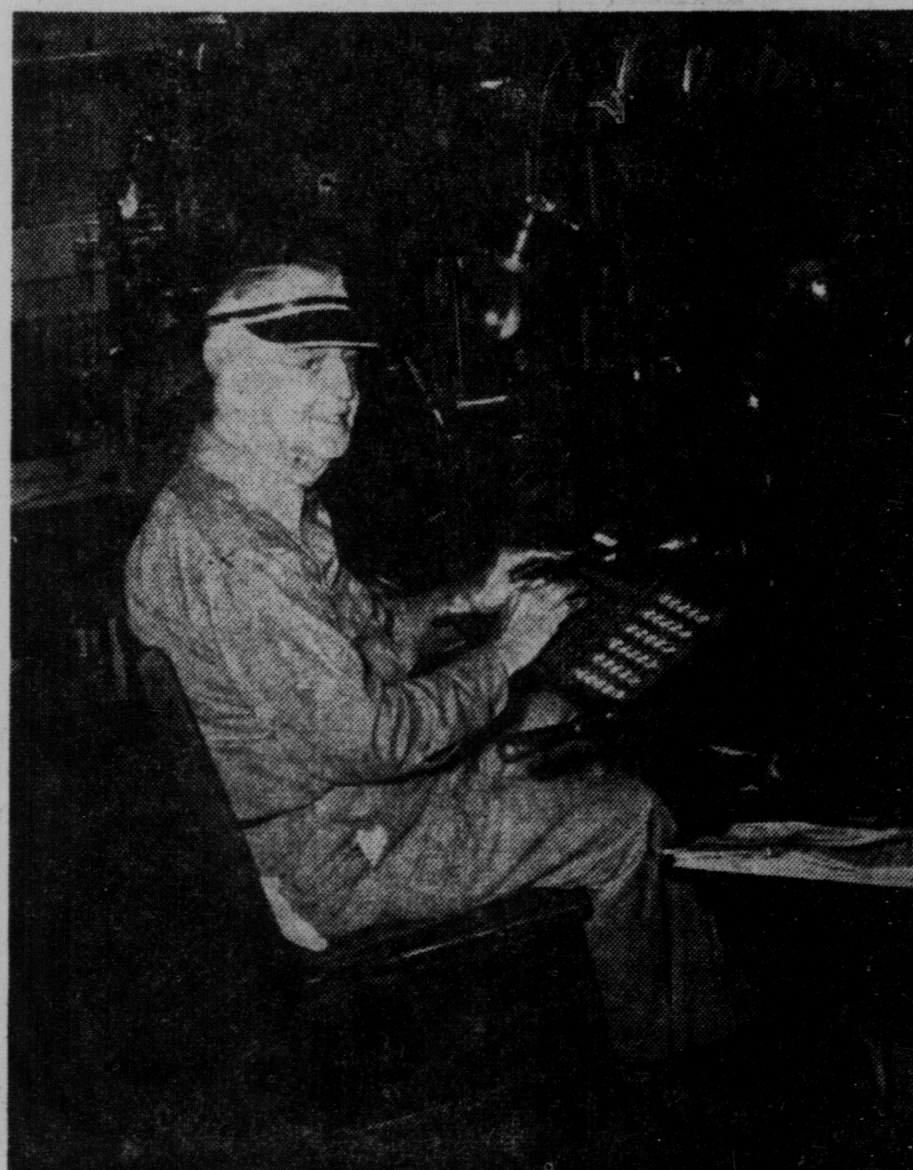

Council, in reply to a request by the board of education, asked Police Chief Nerr Gaunt and Safety Director C. E. Phillips to arrange a program to provide additional adult patrol protection at crossings at S. Lincoln ave. and Franklin ave. and S. Broadway and Columbia st. at school hours.

Council passed three routine transfer ordinances for the water works department, totalling \$31,000, and one for a county law library fund (\$425). An ordinance appropriating \$1835 for a new police cruiser was also approved, all under suspension of the rules.

## Sophisticates Abroad

There continues to be among Americans a great faith in the power of observation to alter faulty opinions. They firmly believe that the best way to find the answers is to go look for them at the scene of the problem.

Walter Reuther, president of United Auto Workers, is going to England. He will represent the C. I. O. at a meeting to organize a global federation of trade unions—part of free labor's answer to the Communist conspiracy to dominate union organizations.

While he is in England, Mr. Reuther, an extraordinarily intelligent man, will digest a great deal of information about labor unions under the dictatorship of a socialist government. This will have a powerful impact on his thinking. He will comprehend, if he hasn't comprehended it before, that socialism and unionism are not compatible. When politicians make all the decisions, there's no place for union leaders, no room for collective bargaining, in fact no one to bargain with, except politicians.

Mr. Reuther and the other highly informed and politically sophisticated men who will look at unionism under socialist dictatorship abroad cannot escape the conclusion that the United States has nothing to gain by importing that old-world arrangement. The only way they could escape it would be by embracing socialism themselves, in which case they'd no longer be unionists.

## Now Or Never

This is the last chance to say something nice about Indian summer. Because if the best weather anyone can remember in November were to last any longer than it already has lasted, it would be a false spring, instead of a false summer.

Indian summer, some authorities insist, cannot be defined. It is in some respects a state of mind. But there is general agreement that the state of mind is likeliest to occur after the first snowfall and just before winter settles down in earnest—a lull before the storm. These specifications have been met. The lull before the storm has almost convinced everybody that the storm isn't going to happen.

Dandelions have bloomed. Tulips planted too shallow have sprouted. In the swamps, frogs have been fooled into thinking it was the first warm spell in March. Auto radiators fortified against temperatures of 10 below have been vaporizing their precious fluid in temperatures of 70 above—and higher. The call of the great outdoors has been sirenish; there have been problems of discipline. And it has been wonderful. Even if it's all over when this reaches print, it has been wonderful—and much too good for the Indians who couldn't have appreciated it half as much as their white brothers with the threat of a coal shortage to make Indian summer mean something.

## This One's Different

Harry Bridges, Australian-born strong man of a left-wing union and one of this country's friendliest of fellow travelers, is on trial again for being what he is. But this trial's different. Bridges is accused of being a liar.

In 1945 Bridges applied for naturalization papers. He was asked if he had been a member of the Communist party in the United States. He answered "no."

If the correct answer to the question was "yes," Bridges committed perjury. If he committed perjury, his citizenship was obtained incorrectly, and he reverts to his previous status as an alien. As an alien with a conviction of perjury stand-

ing against him, Bridges then could be sent back to Australia. All this would be legal and proper. The question of his ideology wouldn't even come into the picture.

As was true in the trial of the 11 Communists in New York, the issue wouldn't be whether or not membership in the Communist party was a crime against society. That continues to be debatable in the United States. It is not a crime to belong to the party. But the New York trial established that it's a crime to enter into a conspiracy to teach and advocate the overthrow of the government of the United States. And the trial of Harry Bridges may remind all Americans that it's still a crime to commit perjury in the course of throwing public authorities into confusion. That may make a deep impression on a number of labor leaders who recently have been climbing over one another to make affidavits under the Taft-Hartley act. In their anxiety to qualify themselves as non-Communists, some of them may have qualified themselves as perjurers.

From The News Files

FORTY YEARS AGO—The W. H. Mullins company has been made a very flattering proposition by Sandusky businessmen to move the local company there.

The Vassar Girls Concert company gave an entertainment at the opera house Friday.

Ray Miller has resigned his job at the Deming Co. corerom to accept a job as engineer on a threshing machine.

TWENTY-FIVE YEARS AGO—The American building bill for 1924 is expected to exceed the enormous sum of \$4,500,000,000 and the construction of homes accounts for about 40 per cent of that total, the department of commerce and the federal reserve board announced.

President Coolidge is awaiting a favorable opportunity to take the initiative in calling another world arms conference with the primary aim of limiting the production of aircraft for war purposes; limiting the size and number of submarines; limiting the size and equipment of land forces and codifying international law.

TEN YEARS AGO—President Roosevelt said that transfer of eight United States Line vessels to foreign registry would be legal, but that the question of whether to permit it still was being studied from a human as well as a property angle.

A Berlin photographer's plate glass window was smashed by a missile aimed at a huge picture of Hitler.

A baby boy was born in Tennessee with two heads, one of which was later removed, and he is doing nicely. At present the child is normal in every respect.

FIVE YEARS AGO—The Germans have been plunging V-2 rockets into England at a speed faster than sound and from arcs 70 miles high, but thus far have caused little damage, Prime Minister Churchill announced.

Running a gantlet of harassing American planes and PT-boats, 35,000 veteran Japanese troops have joined the sanguine battle for Leyte, Gen. Douglas MacArthur disclosed in an announcement which indicated the battle for the Philippines may be long and hard.

A limited supply of shotgun shells caused a half-block line to form on downtown E. State St. today, not the usual rare nylons, cigarettes or butter.

Mrs. Oscar Gfeller entertained the Cheerful club at her home on Bank St.

It's that season again. Last year about this time we had the "pumpkin papers" of Whittaker Chambers. Now we've got the "pumpkinheads" of Maj. Gen. Harry Vaughan, President Truman's military aide.

It seems the general has done a bit of painting. Dabbling in oils, he came up with a sort of symbolic effort depicting last summer's "five per center" inquiry. Among the features are two pumpkin-headed figures Vaughan says are Senators McCarthy of Wisconsin and Mundt of South Dakota. While the senators lash back, the general apparently is waiting for art critics to say: "Some pumpkins!"

## Guarding Your Health

By DR. HERMAN BUNDESON

FOR the woman in childbirth anxiety and fear are the allies of suffering because they increase sensitivity to pain. Thus, other things being equal, the woman who approaches her ordeal with confidence will suffer less than the one who is emotionally upset.

For this reason, a number of educational programs have been suggested. Modern doctors believe that the woman who understands the process of labor and knows that she herself can play an active and helpful role will find it much less trying than the one who approaches it unprepared.

An educational program in which these factors are emphasized has been set up in New Haven, Connecticut, by Drs. Herbert Thoms and Frederick W. Goodrich, Jr.

## Attend Classes

Their patients are invited to attend classes where they are instructed in anatomy and the body processes during pregnancy and labor. The effects of tension and anxiety are pointed out. The women are then trained in the use of certain muscles to aid the natural forces of labor, as well as in muscular relaxation.

The exercises used increase the strength and efficiency of the muscles of the back and abdomen and promote physical relaxation.

Many of the patients who followed this program went through childbirth with the minimum amount of help. Others found difficulty in relaxation and had a great deal of pain. However, these latter patients responded well to the measures employed by the nurse or physician which consisted in aiding them to put into practice the method of relaxation they had previously learned. Of 156 patients who followed this program, results were excellent or good in 8 out of 10.

in reducing pain and aiding the natural processes.

## QUESTIONS AND ANSWERS

E. D. S.: How soon does a cancer develop after leucoplakia has occurred?

Answer: Cancer does not develop in all cases of leucoplakia. It is impossible to state just how long a period would pass before the cancer would occur. However, the leucoplakia should be treated in order to eliminate it.

A man of average height will take about 2270 steps in walking one mile.

## Roving Reports

By Hal Boyle

NEW YORK DOWN THE street came a horse—trotting sideways.

In the saddle rode Gilbert Warb, looking very uncomfortable. For he was trailed by a crowd of hooting small boys attracted by the strange sight of a horse that ambled sideways.

"Giddap, Pegasus!" said Gilbert to his doleful steed.

"Why'n't you get a motor car, mister?" jeered the children.

"Go away, little boys," pleaded Gilbert. "Can't you see you're making my horse nervous?"

But they followed him until Pegasus side-stepped and halted at a building that bore the sign: "Dr. Ambrose Withers, animal psychologist."

Warb dismounted and rang the bell. The door opened.

"What can I do for you?" said Dr. Withers. He was a big, raw-boned man with a long face, hair like a mane and huge buck teeth.

"Well, I feel a little tilly at out this," said Gilbert. He fished out a newspaper clipping and showed it to the doctor. The clipping said: "London veterinarian says neurotic animals need psychological treatment just like humans."

Dr. Withers. "Gladys is disturbed about her family. She loved her mother, who was a retired thoroughbred. But she hates her father because he was nothing but a common plowhorse in the next pasture."

"THIS GOES against her grain. And she expresses this frustration by going sideways instead of forward. I'm afraid she's a very mixed-up girl."

"But what can I do to cure her?" demanded Gilbert.

"I'll have to psychoanalyze her. leave her with me for a few months. I'll give her three consultations a week—at \$15 each—and try to convince her she should forget her father and face life on her own four feet."

Six months later he called Warb back, handed him a bill for \$1,170 and announced—"she's cured."

Gilbert saddled the smiling horse, and she galloped confidently home—straight forward.

Exactly a week later he rode Gladys back to the psychologist. "A fine thing you did to my horse," he said sternly.

"What's the matter, is she going sideways again?" asked the surprised doctor.

"No, Gladys runs all right," said Gilbert, "but every morning at 10 o'clock she insists on coming into the living room, plopping down on the sofa and telling her troubles to my wife for an hour. 'And I want to know what you're going to do about it,'

DR. WITHERS NODDED his head professionally.

"Very true," he said. "Just what are your horse's neurotic symptoms?"

"Well," said Gilbert. "I bought him for \$200 at an auction as a saddle horse for my wife. But the darn fool won't run like any other horse—he will only run sideways."

"H—mmm, refusal to face life," murmured the doctor. "Come into my office."

They led Pegasus inside. After cajoling it with two carrots, a cup of sugar and an apple, Withers finally got the horse to lie down on a couch. He began to neigh in its ear, and the horse—looking around at Gilbert with a frown—whinnied back.

"I'm sorry," said Dr. Withers. "But Pegasus feels shy with you in the room. Would you mind leaving?"

"Well, I'll be—" said Warb. But he left. Half an hour later the animal psychologist emerged.

"Is it anything serious?" asked Gilbert.

"A strange case indeed," murmured the doctor. "To begin with your horse doesn't want to be called Pegasus."

"What does he want to be called?"

"Gladys."

"Oh, well, if that's all—"

"But it isn't that simple," said Dr. Withers. "Gladys is disturbed about her family. She loved her

mother, who was a retired thoroughbred. But she hates her father because he was nothing but a common plowhorse in the next pasture."

"THIS GOES against her grain. And she expresses this frustration by going sideways instead of forward. I'm afraid she's a very mixed-up girl."

## Kids Day To Be Kiwanis Event

Columbiana Club  
Hears Missionary

COLUMBIANA, Nov. 16—National Kids' day, the first event of its kind to be sponsored annually by Kiwanis International, will be observed by the Columbiana Kiwanis club Saturday.

Details have not been completed, and since this is the first observance, the special committee in charge of arrangements has a difficult assignment.

Superintendent H. F. Richmond is chairman of the special committee, of which Dr. C. W. Dewalt and James Churchfield are the remaining members. They met with the underprivileged children committee of the club after the general meeting Monday evening.

### Talks on Work

William Yoder of the Citizens bank, who spent three years as a missionary and relief worker from the Mennonite denomination in south Asia and the East Indies, was the speaker at the club meeting Monday evening.

He spoke especially of his work in the Indies, where primitive conditions and a revolution in progress made it especially difficult. Supplications by the natives for the favor of their gods in the strife were sometimes kept up continuously for 24 hours, he said.

The disease problem Mr. Yoder found to be one of the worst obstacles to relief, filth and no sanitation having given rise to a fear of cholera. Relief workers provided serums and inoculations.

Mr. Yoder found that there is no middle class in Indonesia, only the extremes of wealth and squalid poverty.

### Canton Man Speaker

Walter Firestone, past president of the Canton Rotary club and district chairman of Rotary community service clubs, was the speaker at the meeting of the Columbiana Rotary club Monday evening.

He gave advice as to what could be done in any community, and suggested a number of projects for consideration. C. F. Moser, chairman of the Columbiana club community service committee, was program chairman.

Columbiana High school senior guests were Charles Baker and Sam Greiner. Visiting Rotarians were C. R. Conroy of Steubenville and Dr. Fred Crowgey of Salem and his brother, Leonard, of Whitesville, Va.

Next Monday evening will be observed as Displaced Persons night, when 16 displaced persons and their sponsors from this area will be guests of the club. Rev.

**REAL LIFE ROLE**—Onetime star of the silent films Constance Talmadge—now Mrs. Walter Giblin—is an enthusiastic volunteer worker at a New York cancer hospital. Working two days a week in the clinic, she says it's the most satisfying work she's ever done.

Paul Gerrard of the Lisbon Presbyterian church will be the speaker. H. W. Hammond is program chairman.

### To Have Television

Firestone Legion post voted Monday evening to purchase a 300-square-inch reflector type screen R.C.A. television set. It will be installed with new furnishings that will equip the remodeled post home on N. Pearl st. when it is occupied Dec. 1.

The post meeting Monday evening was held in the V.F.W. post quarters. Richard Lehman, chairman of the membership drive, reported 114 already signed up for 1950. Assignment of a goal has not yet been received from headquarters.

An Armistice day program was conducted by the post at a Columbiana school assembly last Friday afternoon. Commander Fred Fritsch spoke briefly, and

a short movie, "America the Beautiful," was shown.

Work on remodeling the post home was reported to be progressing satisfactorily along with the installation of new fixtures and equipment.

Columbiana county council of the Legion will meet next Monday evening with Post 56 in Salem.

### V.F.W. Dance Tonight

Drexler post, V.F.W., will give a dance tonight at Oakdale Gardens, everybody invited.

The Philo class of the Methodist church will meet at 8 p. m. Thursday at the home of Mrs. Wilson Lower, New Waterford rd. Associate hostesses will be Mrs. Irma Bevington, Mrs. Irma Stacey and Mrs. William Longworth.

## Leetonia Lodge Elects Officers

LEETONIA, Nov. 16—Leetonia lodge, No. 401, F. & A. M., elected the following officers at its meeting Monday evening in the Masonic temple:

Worshipful master - William R. Phillips; senior warden - Merle Davis; junior warden - Willard Davis; senior deacon - Harry Ginter; junior deacon - John King; secretary - Frank R. Aiken; treasurer - Lester E. Fisher; tyler - Lloyd Berg; trustee - J. Elmer Johnson.

Mr. Johnson is also the retiring worshipful master. Installation of the officers will be held Monday, Dec. 5.

### First All-Hi Party

The first All-Hi party of the school year will be held Friday evening. Miss Florence L. Wilhelm, senior class sponsor, is chairman of the dance.

The seniors have charge of the programs and decorations; the Juniors have charge of the music; the sophomores have charge of the refreshments and the freshmen will do the cleaning up.

A Hi-Y club is being organized under the supervision of Mr. Casulter. The organizing committee is composed of Willis Roller, Edward Sullivan, Thomas Citino,

Samuel Tingle and David Sweeley.

Mr. and Mrs. Conrad Berg have gone to Orlando, Fla., to spend the winter.

### WORLD WAR LIBRARY

ALLIANCE, Nov. 16—The Mount Union college library has been added to the list of depository libraries in the U. S. where the Army's official histories of World War I and World War II are available, according to a letter from the Historical Division of

the Department of the Army. Three volumes, "Guadalcanal; The First Offensive," "Okinawa," and "Army Ground Forces Procurement and Training of Ground Combat Troops," were received recently.

## Elks Women Install New President

Mrs. Anthony Brelih was installed as president of the Elks' auxiliary at the 17th birthday anniversary dinner of the organization Tuesday evening in the Elks home.

The complete officer roster includes:

Mrs. Thomas Corrigan, vice president; Mrs. John Weber, Jr., secretary; Mrs. E. G. Cormany, treasurer; Mrs. Paul Meier, guide; Mrs. William Weber, inner guard; Mrs. W. H. Van Skiver, chaplain; Mrs. Harry O'Keefe, musician; Mrs. H. G. Shields, patriotic advisor, and Mrs. Robert Paxson and Mrs. Walter Abblett, trustees.

### 80 Witness Ceremony

Eighty members witnessed the impressive installation ceremony conducted by Mrs. Lloyd Gibbons, installing officer.

Mrs. Fred Glass was installing guide; Mrs. Clarence Taylor, chaplain, and Mrs. Ray Lewis, musician, assisting Mrs. Gibbons.

As a token of esteem flowers were presented to the retiring president, Mrs. Robert Paxson; the new president, Mrs. Brelih, and the oldest auxiliary member, Miss Catherine Barrett of Leetonia.

Mrs. Gibbons made the flower presentations and the two executive officers, retiring and new, made remarks fitting to the occasion. Mrs. Abblett headed the drill team which performed their working during the meeting.

### Boys Entertain

Three boys, Robert, Donald and Gene Zepnick, entertained with four vocal numbers. Robert sang "You Are Adorable"; Donald sang, "Cruising Down the River." Gene sang "That Lucky Old Sun," and all three combined on the song, "Down by the Station." Miss Dorothy Pozniko was accompanist.

Committees appointed by Mrs. Brelih included:

Membership, Mrs. Fordham Benson, Mrs. E. J. Blackburn and Mrs. K. G. Mounts; relief, Mrs. Norman Kelley, Mrs. John Grubbs and Mrs. Robert Middeker; social, Mrs. Lloyd Robusch, Mrs. Paul Harrington, Miss Betty Ward, Mrs. Homer Paxson and Mrs. J. G. Unger.

The next meeting is Tuesday, Dec. 6.

### Card Games Enjoyed

Monte Carlo whist afforded pleasure at a meeting of the M and M club Tuesday evening in the home of Mrs. Joseph Fisher, S. Madison ave. Prizes in the games were won by Mrs. Clifford Althouse, Mrs. Fred Kaiser and Miss Lucy Deville. Miss Deville was a guest.

Mrs. Kaiser was presented a birthday gift from her secret pal. Lunch was served.

Meeting in two weeks the members will be guests of Mrs. Ralph Landwert, W. Pershing st.

### To Hold Supper

A coverdish supper will be served at 6 o'clock when members of Friendship temple, Knights of Pythias, meet Thursday evening in the K. of P. hall. A business meeting will follow.

Mrs. Charles Cornwall of Claremont, Calif., formerly of Salem, is recovering from an operation at the Hollywood Presbyterian hospital, Los Angeles.

Mr. and Mrs. James Davis of Lisbon have moved to 163 Park ave. Mr. Davis is employed in the advertising department of The Salem News.

Mr. and Mrs. A. M. Blake of Ravenna and Mr. and Mrs. R. Riedel and son of Burton were weekend guests in the home of Mr. and Mrs. M. W. Stallsmith on the Ellsworth rd.

### ESSENTIAL ELEMENTS

There is much more to your prescription medicine than the drugs and chemicals that go into its compounding. Perhaps the most essential elements are the skill and integrity of the pharmacist. For these are the important factors that assure the finest quality ingredients in your prescription; assure that they are weighed, measured, and mixed with professional care and skill.

## More Than 100 Attend Odd Fellows Supper

More than 100 members and guests of Amity and Home lodges of the Odd Fellows enjoyed a cafeteria supper and card and game party Tuesday evening in I. O. O. F. hall.

Mrs. Lawrence Strawn and her committee had charge of kitchen arrangements. Mr. and Mrs. Warren Brown, Mr. and Mrs. Austin Getz, Mrs. Harry Kaufman and James Probert made the party plans.

This is the second in the winter get-together social evenings, and the next affair will be held the first part of December.

Prizes went to Matt Melitschka and Mrs. Stanley Howard in the "500" games. H. D. Huttenhower and Mrs. Harry Kaufman won the bridge honors and Mrs. C. E. Royle won the bingo awards.

Home lodge will meet at 7:45 p. m. Friday in the hall.

## Travelers Hear Guest

Mrs. Frank Huber sang two solos for the Travelers club and its guests Tuesday afternoon in the public library assembly room. Her numbers were "Song of the Shepherd" and "Lady Picking Mulberries." Mrs. Curtis Vaughan was the accompanist.

Mrs. Walter Null, president, presented Miss Emilie Ruetenik of Cleveland, public relations assistant of the Bell Telephone Co., guest speaker, whose theme was "Trees and Trails."

Augmenting her talk with movies, the speaker, traced the history of transportation and communication in Ohio.

Miss Ruetenik was "guide" for Indian trails, canal and stage coach routes and concluded her "story" with the modern highways of today. She also pictured the separation of transportation and communication, which was brought about by the invention of the telephone and telegraph.

Tea was served to approximately 75 members and guests from a beautifully appointed table. Mrs. William Deming and Mrs. Louella Harris poured.

Mrs. John Mulford, committee chairman, was assisted by Mrs. Robert Potter, Mrs. Guy E. Byers, Mrs. Troy Cope, Jr., Mrs. Thomas Moore, Mrs. J. Clyde McKee, Mrs. Roy E. Smucker, Mrs. A. R. Silver, Mrs. K. U. Wirtz, Mrs. G. R. Deming and Mrs. Gail A. Roese.

The next meeting is Nov. 22.

### Will Bring Donations

When members of the Ellsworth Avenue Home circle meet at 2 p. m. Friday in the home of Mrs. William Shinn, 1223 Maple st., they will bring donations for the Home For Aged Women.

Mr. and Mrs. Lewis Ritchey of Salem R. D. 1 have returned from a week's vacation with their son and daughter-in-law, Mr. and Mrs. Lester Ritchey of Ravenna. They also visited Mrs. Ritchey's sister and Mr. and Mrs. Frank Donaldson of Cleveland and Mr. Mrs. Charles Wymer of Twinsburg.

## Library Has New Titles On Exhibit

Observing the 31st annual International Book week, Salem public library announces a book exhibit of practically all new titles.

"Make Friends With Books" is the week's slogan, and you will find a wide variety of books with which to make friends.

The display is in the corridor between the circulation desk and the reference room. It is divided into the following sections:

Children's, young people, humor, general, men's and novels. Some of the outstanding books are "Two Against The North" (dog story by Shurleff) for young people; "900 Buckets of Paint" (Bradfield) for children; "Picnic Woods" (Robertson) another children's story; "Sweden, Model For A World" (Strode); "Crisis in Education" (Bell); "How To Build A House For Less Than \$5,000" (Tuomey); "Snakes" (Zim); "Joy and The Christmas Angel" (Bianco); "Journey Into Christmas" (Aldrich) and "Buttons Complete" (Albert and Kent).

A letter from L. Quincy Mumford, assistant director of the Cleveland Public Library, who is responsible for the distribution of regional films in this area, to Mrs. Harold Vincent, Salem librarian, explains why the local library does not have film collection service.

Excerpts from the letter follow:

"I am glad to learn of your interest in educational films and particularly in the regional film library project. My great regret is that there is no way at the moment that we can help to promote that interest.

"When regional film project was inaugurated in 1948, 10 libraries in the northeastern Ohio region were invited to participate. Under the plan for the operation of the project, it was not possible to include more than that number.

"After the 10 libraries had accepted participation it was not possible for us to consider applications from other libraries.

"As you probably know, the project is set up on an experimental basis for a period of two years. We are now entering the second year with all the original libraries continuing for the second year period.

"It is therefore impossible for us to consider enrolling, at the present time, any other library in the project. As to the future, all of these 10 libraries have indicated a desire to continue the cooperative plans after the funds from the original grant have been exhausted. In other words they expect, if possible, to contribute enough money to continue the project into a third year and beyond.

"It will still be true, however, that only 10 libraries can very well participate in any single project which calls for rotation of film collection."

## Red Cross Begins Christmas Work

The Red Cross office is already well into Christmas planning with many calls being received each day from individuals and groups seeking needy families to help.

Thanksgiving, which starts the holiday season, is being remembered by many charitable persons and organizations, according to Miss Hazel Linn, executive secretary of the chapter.

She said there is a heavy call for CARE packages. Several veterans of World War I have sent packages to people who befriended them during the first war.

A special "Thrift package" is being favored by many local residents. It includes many needed items for \$5.50. The holiday package, packed for celebration of the feast days, costs \$13.50 and contains seven pounds of canned turkey packed in two pounds of lard, bacon, butter, plum pudding, chocolates, orange marmalade, raisins, rice, coffee, sugar and a can opener.

Other CARE packages now available include: Lard, Household Lines, Kosher foods, Kosher food package for Israel, Standard food, British food, Food packages for Italy and Greece, Japanese food, Philippine food Far East Cotton, Wool Suiting, Blanket, Knitting wool, Baby food and Layette packages.

A train would take 292 days, non-stop, traveling at 60 miles an hour, to travel over every railroad line in the United States.

## Baptists Hear Talk By Leader On Japan

Mrs. Albert Kitzmann was leader for a meeting of the Baptist Young Women's Missionary society Monday evening in the church.

Using for her theme, "Baptists Return to Japan," Mrs. Kitzmann gave an informative talk on Baptist rehabilitation work in that country. She also stressed the need of money and workers.

Mrs. Robert Eddy gave a devotional talk on "Thanksgiving."

She also offered a paper on current events. Mrs. Wayne Russell, president, officiated at the business session.

Mrs. R. J. Hunter and Miss Ruth Blackburn served refreshments.

Dec. 12 the members will meet with Mrs. Orlan Courtney, Twelfth st.

## Club Presents Skit

Thirteen members of the West Side Community club presented a humorous skit, "Ailments," at a meeting of Guilford grange Saturday evening.

Oscar Burrier and Mrs. Maude Webster were cast in the roles of

"doctor" and "nurse" respectively. "Patients" were Mrs. Oscar Burrier, Virginia Burrier, Kenneth Burrier, Mr. and Mrs. W. H. Zimmerman, Mrs. Carl Burcaw; Mr. and Mrs. Lebert Barber, Mr. and Mrs. B. C. Crapster and Miss Josephine Markovich.

1899 to 1904, he was a machinist for the Sandusky Star-Journal, Sandusky, O., for six years.

Associated with the Mergenthaler Linotype Co., which sent him to work as a machinist for the Helena Independent, Helena, Mont., he later joined the Inter-type Co. as salesman and erect-or out of San Francisco.

Arnold held the same position with the Mergenthaler company and was district manager of its Portland, Ore., branch for five years, leaving to manage The Reporter. He worked for The Salem News a short time in the '20s and returned June 1, 1948.

An ardent fisherman, he owns an acre of land, which he uses for a garden, plowing it with his tractor. Arnold and his wife plan to celebrate their 50th wedding anniversary Nov. 28, 1951.

They have one daughter and two grandchildren. After celebrating his 50th anniversary, Arnold said, he plans to do nothing but "travel again and catch up on fishing."

## Ballot

(Continued From Page 1)

Constitutional provision which states only a majority of those voting on an amendment is required for approval.

After the amendment rolled up a large plurality, but less than a majority of the Nov. 8 total

vote, Sweeney asked Duffy to rule whether the amendment had been approved.

This Duffy declined to do. He passed the entire question to the Supreme court yesterday by filing, as a private citizen, a mandamus suit to compel the secretary of state to certify the ballot change was adopted.

Duffy said he and his staff have found no decisions or precedent either in Ohio or other states to parallel the situation

now existing over the ballot's legality.

He said he would not issue an opinion because, no matter which way he ruled, those adversely affected would carry the case to the Supreme court. He said his action in filing the mandamus action today would pave the way for an "early and final decision."

He said he, in his official capacity, and his aides would represent both himself and Sweeney before the court.

## ANNOUNCEMENT!

I wish to announce, that while I have sold my home on South Lin-  
coln Avenue, this does not mean that I am quitting the real estate  
business. After January 1st, I shall continue said business from my  
new home at 1118 East Ninth Street; however, I have sold my fire  
insurance business to the K. E. Jones Insurance Agency located at  
372 East State Street. Mr. Kenneth E. Jones has my good will and  
best wishes for the continuance of this business and I trust that  
all of my former patrons will leave their insurance business where  
it now is, namely, with the K. E. Jones Insurance Agency, who will  
look after your insurance needs in an able and efficient manner.

HERE IS A HOUSE PRICED CHEAPER THAN  
IT COULD HAVE BEEN SOLD TO YOU  
DURING THE PANIC!

This house is located on South Lincoln Avenue, down in  
the business section, very suitable for a doctor's office as well  
as a home for his family or any other business. It has  
ten rooms and with not much expense you could make  
four 3-room apartments or with less expense you could  
have living quarters on first floor and five room on  
second floor and the location is just right to rent the  
year around. The house is a real property and if it had  
to be built today it would cost almost twice what we are ask-  
ing for it. It has a two-car garage of tile construction. This  
property has been reduced for quick sale to \$12,600. Now, if  
you want to pick up a real bargain, come in and act at once  
as it will soon be in the hands of a new owner.

It will pay you to see us if you want to buy or sell.

## Deaths

## Leedom S. Cope

Funeral service will be held at  
2 p. m., Friday at the Arbaugh-  
Pearce funeral home for Leedom  
S. Cope, 67, of Winona who died of  
a heart attack at 10 a. m. Tuesday  
while hunting south of Winona.

Burial will be in Grandview  
cemetery. Friends may call at  
his home in Winona Thursday  
evening.

Mr. Cope was born July 11,  
1882 in Winona, the son of Dr.  
A. L. and Rachel Coppock Cope.  
He lived in Winona all of his life  
and attended the Barnesville  
boarding school and Mt. Hope col-  
lege.

A village blacksmith and a  
general store partner in Winona  
he has been employed as inspec-  
tor at Mullins Manufacturing  
Corp. for 26 years.

He is survived by his wife, Mrs.  
Cora Walker Cope, whom he  
married Feb. 26, 1908; a daugh-  
ter, Mrs. Robert Brantingham of  
Warren; a son, Raymond Cope of  
Winona; four grandchildren and  
a sister, Mrs. Alfred Fowler of  
Winona.

## James L. Hoyt

Private funeral service will be  
held at 3:30 p. m. Thursday at the  
Arbaugh-Pearce funeral home for  
James L. Hoyt, 25, formerly of  
Damascus, who died Nov. 7 in a  
veterans' hospital in Phoenix,  
Ariz. He had been in the hospi-  
tal almost three years with a  
heart ailment.

Rev. E. K. Barss of Damascus  
will officiate at the service. Bur-  
ial will be in Damascus cemetery.

Friends may call at the funeral  
home Wednesday evening.

Born March 4, 1924 in Salem, he  
was the son of Frank K. and  
Vesta Caskey Hoyt, who now live  
in North Hollywood, Calif. They  
survive.

While in Salem he was em-  
ployed at the Deming Co. and as  
a taxi driver.

He is also survived by his wife,  
Frances Lane Hoyt; a daughter,  
Judy; two sons, Bruce and Donald;  
a sister, Mrs. Girtley Connell of  
Dolemite, Ala., and three brothers,  
Kenneth of Salem, Edward of  
Shelbyville, Ind., and Frank of  
North Hollywood.

Catches Deer In  
Cleveland Street

CLEVELAND, Nov. 16—(AP)—  
Hunting had been extra poor  
for Larry M. Bell, 19—six hours  
of looking and didn't shoot a  
thing.

In this frame of mind, Bell  
called it quits and went home.  
Then he saw a deer galloping  
down his street.

Bell legged after the animal,  
grabbed him by the horns and  
pinned the buck to the ground.  
With the help of his amazed dad,  
Walter, he tied the animal up.  
Shortly, they heard about it.  
Brookside zoo was missing a deer.  
When the keepers showed up  
they said that was their deer,  
Jimmy, all right, and with a  
thanks carted the animal back  
to his pen.

Deck Officers  
Strike Is Averted

WASHINGTON, Nov. 16—(AP)—  
A strike of 2,000 AFL deck of-  
ficers on 500 vessels plying the  
Atlantic and Gulf of Mexico sea-  
lanes was narrowly averted late  
last night by government inter-  
vention.

A truce for at least one week—  
but more probably for 30 days—  
was agreed upon an hour before  
the AFL Masters, Mates and Pi-  
lots were to walk off passenger  
and dry cargo vessels of the 38  
companies represented by the  
American Merchant Marine In-  
stitute.

Federal mediators who stepped  
into the dispute on Monday,  
weary from tussles with coal  
and steel strikes, proposed the  
truce. It was accepted to allow  
more time for the parties to set-  
tle their differences over hiring  
arrangements demanded by the  
union, and 16 other contract is-  
sues.

The union wanted a rotation  
system of hiring, by which avail-  
able work would be shared in  
turn by qualified men listed in  
hiring halls. These are a sort of  
union employment bureau, sup-  
plying men for ship jobs. One  
union-sought result of a rotation  
system would be to give aging  
sea captains and mates the same  
chance at work that would be  
granted young graduates of the  
Merchant Marine academy.

Frank J. Taylor, president of  
the American Merchant Marine  
institute, told reporters the ship  
owners were opposed to the hiring  
of officers by rotation because  
they wanted to be free to pick  
the men who would be their own  
representatives in charge of val-  
uable properties.

Lausche Definitely  
Will Not Oppose Taft

COLUMBUS, Nov. 16—(AP)—  
Gov. Frank J. Lausche today  
definitely removed himself as a  
possible candidate for the U. S.  
senate in 1950.

In a telegram to Frank Evans  
of the AFL United Automobile  
Workers union, the governor said:  
"I appreciate the fact that you  
have had sufficient confidence  
in me to urge that I run for of-  
fice of U. S. senator."

"At the commencement exer-  
cises of Ohio Wesleyan univer-  
sity last June 13, I, in effect,  
stated that I would not be a can-  
didate for that office. My think-  
ing on the subject has not changed  
in the least degree."

"To put all conjecture at rest,  
I will not be a candidate for the  
U. S. senate."

munist hands more than a year  
ago. Communist authorities claim  
they do not know where the men  
are being held "now."

The cumulative effect of these  
incidents has been to embarrass  
the West throughout the Far  
East, where Communism threat-  
ens and the matter of "face" is  
all-important.

The seizure of Mr. Ward and  
his staff on charges of beating a  
Chinese was probably the most  
serious affront, but the Commu-  
nists were pressuring westerners  
at every turn. Robert L. Smyth,  
former American consul in Tient-  
sin, arrived in Hong Kong yester-  
day on his way back to the  
United States. He had been  
squeezed out of Tientsin.

Great Britain, which appeared  
to be edging toward recognition  
of Communist China, has been  
getting off easier in regard to its  
nationals. But London reports  
said Mr. Acheson had been able  
to persuade Great Britain to de-  
lay recognition. The Commu-  
nists' treatment of Americans in  
the Far East certainly has put  
off the day when the United  
States will recognize the Com-  
munist government.

shotgun into brush.

Shot in both legs by an unseen  
hunter was Richard Zahler, 13,  
of Belle Center. The accident oc-  
curred near his home.

Injured seriously were Bernard  
Peters, 21 and Earl Hosey, 45,  
both of Akron. Hosey, shot in the  
face while hunting near Stow  
may lose an eye. Peters, shot  
while hunting near St. Joseph  
in Portage county, suffered jaw  
and shoulder wounds.

Joseph O'Bryan, 30, of Dayton,  
suffered gunshot wounds in the  
thigh while hunting in Wyandot  
county. He was treated at San  
Antonio hospital at Kenton and  
released.

Pheasants Plentiful  
Preliminary reports to the con-  
servation department indicated  
that pheasants were plentiful.

Dr. E. D. Martin, chief of the  
division of wild life game man-  
agement unit, polled 28 hunters  
in Wyandot county.

He said 18 had two birds, nine  
had one, and one had none at 11  
a. m. The area in which they  
were hunting wasn't "one of the  
best."

In some areas, hunters were  
passing up rabbits and holding  
their fire until they sighted  
pheasants, Martin reported.

Leetonia Lodge  
Speeds WorkDance May Be Held  
In Remodeled Hall

LEETONIA, Nov. 16—Work is  
being rushed to complete the re-  
modeling of the Order of the Sons  
of Italy in America recreation  
building so that it can be used for  
the Sadie Hawkins party-dance  
Saturday night.

The building front has been re-  
covered with attractive grey  
shingles and brick-like siding.  
The floor has been braced and  
covered with hardwood. Paint-  
ing of interior walls and ceiling  
is nearing completion.

A gas heater is to be attached  
within the next few days and an  
archway is being cut to connect  
the present clubrooms and the  
recreation room.

In case the new room isn't  
ready the Sadie Hawkins affair  
will be held on the second floor  
of the lodge home.

In charge of the party are Mrs.  
Frank Billett, Mrs. Joe Gallo,  
Mrs. Henry Mewrey and Mrs.  
Victor Billett. Prizes will be a-  
warded to costume winners.  
Keith Riffle's orchestra will play.

President Frank Citino today  
announced plans are to be made  
for the grand opening of the  
room set for Dec. 3.

## Students Take Oath

In a high school assembly held  
Wednesday afternoon, student  
council members received the  
council oath. The band opened  
the assembly and offered other  
selections during the program.

Superintendent C. H. Allison  
was chairman of the ceremonies.  
Sarajane Theil gave the devo-  
tional. Principal Woodrow Bail-  
ey introduced and gave the oath  
to Don Stoffer, council president.  
Stoffer then gave the oath to  
members of council.

Other officers are: Vice presi-  
dent, Sam Tingle; secretary, Joan  
Jackson, and treasurer, Franklin  
Campbell.

Ed Sullivan, representing the  
student body, gave the challenge  
to council and Stoffer responded.

## Noon Movies Start

this week and will be held twice  
each week until March. Bus stu-  
dents especially enjoy this pro-  
gram. All types of movies are  
to be included in the series, in-  
cluding features and cartoons.

Leland Castor, visual educa-  
tion director, is in charge of this  
program with a staff of students  
assisting.

The All-High dance-party Fri-  
day night will be produced with  
a football theme. Dancing from  
8 to 11 will be to Glenn Jack-  
son's orchestra.

High school six-weeks tests  
will be given on Tuesday, but  
pupils will be dismissed from  
classes Thursday and Friday for  
a Thanksgiving vacation.

## MAN FOUND SHOT

EAST LIVERPOOL, Nov. 16—  
John E. Evans, 45, of East Liver-  
pool, was found shot to death  
today in his car at Frederick-  
town, police reported. Earlier to-  
day Mr. Evans' relatives reported  
him missing since Tuesday  
afternoon and said he had been  
in ill health.

## MAYOR

(Continued From Page 1)

Alaska recently that he might be  
a candidate.

The Democratic nominee will  
face U. S. Sen. Robert A. Taft  
(R-Ohio), the state's senior sena-  
tor and one of the leaders of his  
party in the senate. No primary  
opposition has yet developed for  
Taft; he appears to be a cinch  
for renomination even if it does.

Political observers have ques-  
tioned whether Mayor Burke of  
Cleveland is well enough known  
throughout the state to defeat  
Taft in an all-out state campaign.

Disalle, 42-year-old mayor of  
Toledo for the last two years, has

even farther to go in getting the  
people of the state to know him.  
Little known in such northern  
Ohio cities as Cleveland, Akron,  
Youngstown and Canton, he could  
use whatever help Mayor Burke  
could give him—if that's the  
way the cards fall.

## Employee Pays Part Of Costs On Pensions

**Contributes Under Social Security; Amount Will Grow**

WASHINGTON, Nov. 16 — (UP)—The employee himself pays part of the cost of those "company-paid" pension plans which figure in the latest formulas for industrial peace.

Part of the \$100 pensions, which have emerged as primary targets for collective bargaining in many industries, is paid indirectly by the worker himself under the governments social security program.

The employer also makes a contribution through the social security machinery, in addition to making up the difference between social security benefits and a specified pension level.

**Guarantees \$100**  
The pension formula, which figures in collective bargaining between companies and unions in steel, coal and other industries, generally guarantees at least 100 a month to 25-year employees who retire at 65. Proportional guarantees are provided for workers with less seniority.

As time goes on, the employee will foot a larger share of his pension bill. Under legislation which is virtually assured of congressional approval next year, the company will pay less of the cost.

That factor, government economists believe, has put a good share of the nations basic industry behind the drive for increased social security benefits. It works this way:

Each employee now pays one per cent of his paycheck—up to \$3,000-a year — to the government's social security fund. For many factory workers that means a \$30 annual contribution to the social security treasury. The employer matches this contribution.

In January, under present law, that percentage will be increased to 1½. Many industrial workers will then be paying \$45 a year into the fund.

**Will Be Increased**  
Under a house-passed bill which the senate will consider early next year, those contribu-

tions to the social security fund and the fund's monthly retirement benefits paid after 65 will be increased.

Contributions to the fund by employer and employee would be boosted by easy stages under the house-passed bill until they hit 3½ per cent in 1970. The \$3,000 wage base would be increased to \$3,600.

Benefits would increase by an average of 70 per cent. The so-called basic retirement benefit, now pegged at \$26, would go up to \$45 under the new program, and other benefits, for dependents and the like, would also be increased.

As those benefits are increased, companies committed to private pension guarantees will have to pay less to fill the gap between the social security payments and their own monthly retirement schedules.

The California giant redwoods are believed to be remnants of great forests which once covered many sections of the earth.

## Bill Robinson, 71, Ill In Hospital Today

NEW YORK, Nov. 16—(AP)—Bill "Bojangles" Robinson, 71-year-old veteran stage and screen dancer, was in a hospital today, seriously ill of a heart attack.

An official of Columbia-Presbyterian medical center said Robinson was not "in a crisis at this time," but that because of his age, his condition was considered "serious and uncertain."

The Negro dancer was admitted to the hospital late yesterday, after an unspecified heart condition, which had bothered him previously, became intensified, the official said. He was placed in an oxygen tent.

## Police Confiscate 20,000 Pool Tickets

YOUNGSTOWN, Nov. 16—A stock of 20,000 unused football pool tickets was confiscated and three New Castle men were arrested Tuesday because an alert city patrolman investigated the transfer of several bulky boxes from one auto to another near the business district.

Edward Ginocchi, 35, of 6 W. Garfield st., New Castle, was arrested and charged with possessing football pool slips and two other men are held on open charges for further questioning.

The haul is the largest made in some years. On Oct. 19, 1948, vice raiders seized 10,000 pool slips and arrested two other New

Castle men who were carrying pool tickets in an auto.

Discovery of the large load was made by Patrolman Calvin Guy when he noticed several men loading a large carton from one auto into another vehicle in a parking space.

## Broken Bones Mended Quickly By Inserting Stainless Steel

By HOWARD W. BLAKESLEE  
Associated Press Science Editor  
CINCINNATI, Nov. 16—(AP)—How would you like one of the new reinforced leg bones? Break it and the surgeon merely has to straighten it out. No cast, no medicine, no long hospital stay. Or a reinforced hand? All he does is to straighten it out after the break.

Both these things actually happened, and the X-ray photograph of the leg bone is on exhibition here at the Southern Medical Association convention.

### By Products

These reinforced bones are byproducts of a new method of mending broken bones. The mending is done by pushing a stainless steel rod—for big bones

almost a girder—down through the hollow marrow tunnel of the bone. Doctors call these rods "pins." The longest is nearly two feet.

Two exhibits show how. The miraculous leg is in an exhibit by Dana M. Stuart, M.D., of Kennedy Veterans' hospital, Memphis. A broken thigh bone was mended by a shining, diamond-shaped rod, so strong that it takes seven pounds to flex.

The patient walked around in a few weeks on his reinforced leg and drank too much red

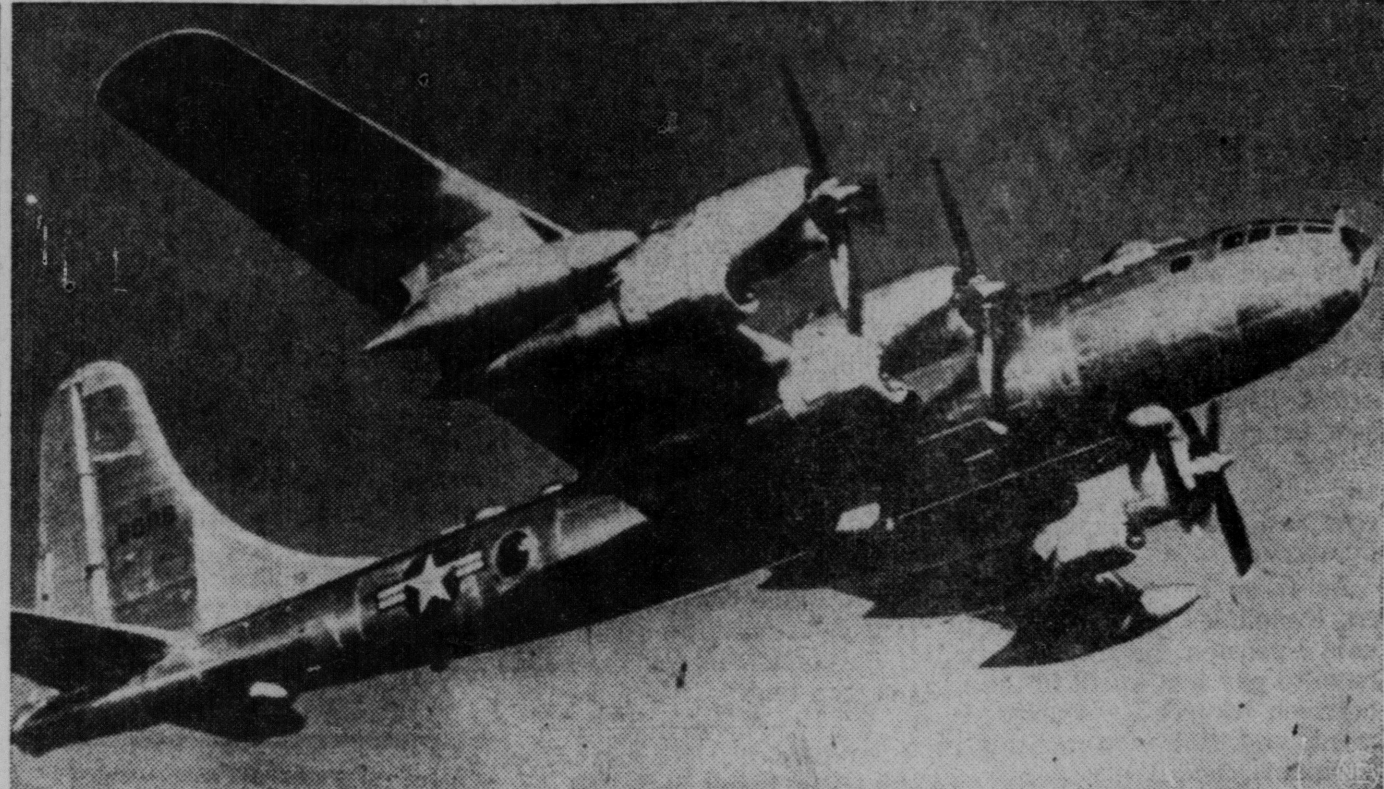

liquor. A nasty fall broke the same leg again, in fact bent it 20 degrees. The doctors merely bent the thigh straight and turned him loose.

The reason for this new surgery is quicker return to work, for broken thighs a few weeks instead of nearly a year, faster healing, no casts, less complications.

Even among doctors this mending is credited to Germany early in the war. But years before Germany it was done at Meridian, Miss., by Doctors Leslie V. Rush and H. Lowry Rush.

They have an exhibit here with some new type "pins" that mend not only thighs, but lower legs, broken knees, ankles, feet and both upper and lower arms, wrists, hands and collar bones. They started in 1937, but give credit for the firsts to a Belgian who used a wire on a collar bone in 1907 and a British doctor who used a metal pipe on a thigh bone in 1910.

They had a young fellow who broke a bone in his hand hitting a man's head with his bare fist. The bone was pinned with stainless steel. The youngster got well so fast that he went out and slugged another skull. He broke the same bone. This time the

**WING TANKS ADD RANGE TO SUPERFORTRESS**—A new version of the Boeing Superfortress, the B-50D, seen in flight over Wichita, Kan., carries two 700-gallon external fuel tanks under the wings. The long-range bomber, derived from the famed wartime B-29, can carry 28,000 pounds of bombs "more than 6000 miles." Top speed is over 400 miles an hour, and the plane is equipped for refueling in flight to increase its range. The wing tank fittings can carry 4000-pound bombs in place of the gas tanks.

doctors merely straightened the bend. Both the veterans and the Mer-

idian physicians remove the pins after the bones have healed. But some patients object.

Perhaps a football team with reinforced bones could beat Notre Dame.

## Suburb Mayors Want Air Races

CLEVELAND, Nov. 16—(AP)—Mayors of suburbs around Cleveland airport were agreeable today to holding the National Air Races here again in 1950.

The new, tighter rules governing aviation's "Kentucky Derby," they said, should make next year's events safer. These will be explained to them at a meeting here Nov. 28.

Opposition to the races became widespread after Flier Bill Odom's F-51 Mustang hit a house in suburban Berea during the Labor day Thompson trophy race. A young Berea mother and her baby and Odom, all died.

### Want Rules Enforced

Suburban officials present at a talk with Air Force officials yesterday said there was no real sentiment in their communities against the Air Races provided the new NAA safety rules were enforced.

Among the new regulations adopted were raising of the minimum altitude around the course to 500 feet, providing two emergency landing strips at the rear of the course, and cutting out closed course jet-plane racing.

Hubert J. McCaffery, chairman of the executive committee of the Progressive Citizens Committee of Berea, suggested several additional safety precautions. They included arranging pylons so that the race course avoids any settled area and making race plane fuel subject to approval of a technical group.

Among the suburban officials at the session were: Mayor-elect E. T. Manning, of Berea; Mayor Howard C. Kolthoff, of Brook Park; Mayor Andrew H. Rosebaugh, of Middleburg Heights; Mayor N. S. Crumpler, of Strongsville, and Mayor-elect Clarence J. Oviatt, of North Olmstead.

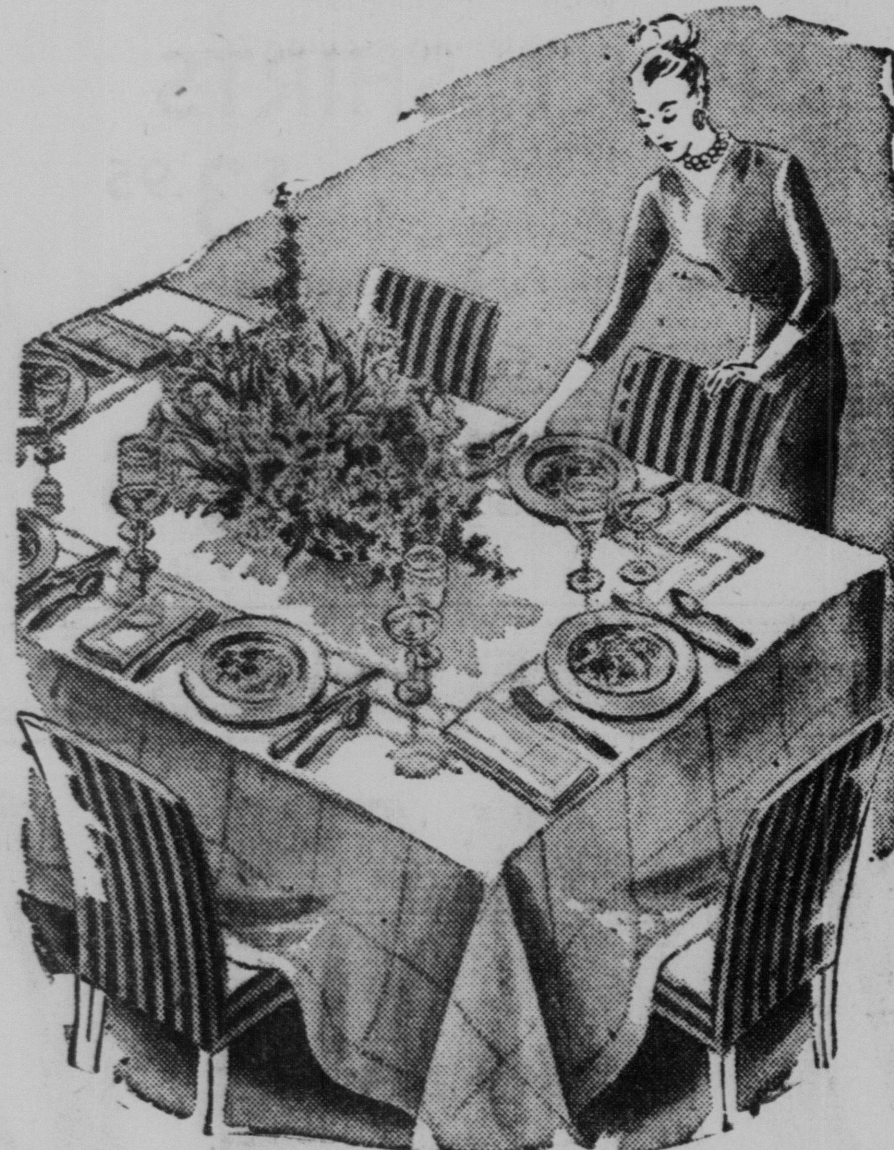

The permanent secretariat building of the United Nations in New York is 544 feet high, 287 feet long and only 72 feet wide.

## Production Index Choked By Strikes

Cleveland Trust Reports Shows Big Decline In October

CLEVELAND, Nov. 16 — A steady rise in the index of industrial production choked off abruptly at the beginning of October when both coal and steel went out on strike, The Cleveland Trust Co. says.

The bank's monthly business bulletin said the Federal Reserve's index of 172 for September would drop in October to the figure for February, 1946, the previous postwar low.

The strikes had little effect on manufacturing industries, the bulletin said, because most of them had huge stockpiles. It noted that effects of the strike may hit industry later in November, even though the strikes are settled, because of slowness in filling orders when the mills open.

### Spend More

Private electric and gas utility companies have spent increasingly large amounts for capital expansion, the bulletin said.

"This year their expenditures for new plant and equipment will total about \$3.1 billions," it said.

"The rate of increase (in capital expansion) has been greater for electric and gas utilities than for private industry as a whole," the bank bulletin said.

Industrial output actually increased slightly during September, the bulletin said, despite the coal strike that started in the middle of the month. The sharp rise in August was in part due to workers returning from vacations. It leveled off at the end of the month, but lost no ground in September.

Devaluation of the British pound was a step toward the reduction of the world's adverse trade balance with the United States, the bank said. In charts illustrating means of financing U. S. receipts for goods and services from 1946 to 1949, it showed a steadily increasing amount of grants by the government to foreign countries. At the same time, foreign loans by the government dwindled.

**Subsidized Trade Not Sound**  
Subsidized foreign trade is not sound, the bulletin said, and the basis of the government grants is the assumption that the rest of the world will be able to stand on its own feet by 1952 when the ECA program is scheduled to end. Foreign nations, the bulletin said, will count on balancing their trade to us by larger exports to us. More travel abroad by our citizens, new loans and investments by us or reduced imports from us.

"Building costs have been declining, but not very much," the bulletin said. The building price of a new brick home has fallen about 6 per cent over the past year while the selling price is off about 10 percent over that of a year ago, the bulletin said.

The bank commented that a brick home built in 1910 would have cost about one-quarter what it costs today.

**SETTLE PRETZEL STRIKE**  
CANTON, Nov. 16 — Halter's Pretzels, Inc. scheduled renewed operation today following settlement of an 11-day strike. The firm gave the AFL bakers and confectioners a 15-cent hourly raise for women and 10 cents for men. Piece work pay was raised 10 per cent.

## Two Involved In Gandhi Death Hung

AMBALA, India, Nov. 16 — (AP)—The young editor who assassinated Mohandas K. Gandhi and the man who told him to do it were sprung simultaneously through a gallows trap at the Ambala Central jail Tuesday. Their bodies were cremated immediately afterward.

Narayan V. Godse and Narayan B. Apte, two Hindu nationalists, walked to their death with smiles on their faces. Their foreheads were painted with sacred marks. Each man carried a small package, presumably of Hindu scriptures, which they were allowed to hold as their hands were tied behind them.

**Shout Salute**  
A moment before the trap was sprung the two young fanatics shouted in unison "May the United India be immortal. We salute the Holy motherland."

These were the Nationalist

slogans that had inflamed them to take the life of the sainted Hindu spiritual leader who hated violence so much he tried to end Moslem-Hindu strife.

A witness to the execution, which ended a two-year legal battle following Gandhi's assassination in a New Delhi garden Jan. 30, 1948, said the two men thanked their jailors for their kindness and asked that they "finish the business quickly."

Godse, the 26-year-old editor of The Poona Daily, had fired the shot that killed Gandhi as he walked to prayer in front of hundreds of his followers. Apte, the publisher of the newspaper, was executed for leading the plot. Four other men received sentences of life imprisonment for participation in the plot while a fifth was acquitted.

## Milk Producers Want Federal Market Order

AKRON, Nov. 16 — (AP)—The Akron Milk Producers, Inc., representing some 1,500 of 1,788 producers in the Akron milkshed, want to have a federal milk marketing order issued here.

The order would set prices paid by dairies to producers. Milk prices now are set by supply and demand.

Under the set up, an administrator would establish the prices as is done now in Cincinnati, Toledo, Columbus, Cleveland, Springfield, Lima and Dayton.

Charles McDonald, chief of the Akron dairy and foods department of the city's board of health, testified yesterday in the opening hearing of a drive to get the

federal order issued here.

McDonald asserted the Akron milkshed is adequate to supply consumers here. The milkshed includes Summit, Portage, Stark, Medina, Wayne, Holmes, Ashland and Tuscarawas counties.

Opposing the proposed order is the Akron area milk market research committee, representing 19 dairies in this district. Another opponent is the Lawson Dairy Co., which is separate from the committee.

# Lisbon-Salem Films Show Ferece Scored, Observers Say

DOM E. BEATTIE  
NEWS SPORTS EDITOR

## DEPT. OF CONGRATS

When Salem Boosters watch the films of the Salem-Lisbon football game at their election session Thursday at the Memorial building, they will be afforded an opportunity of watching the best football films ever taken of any Salem High school squad.

Despite the off-color that may be attributed to the films because of the 6-6 final score in that fray, the photography is so fine, the plays and intricate maneuvers so clear and concise that one can't help enjoying the thing from start to finish.

The Saturday effort on the part of Jim Gregg, who has been taking the films for Salem this year, is deserving of a vote of thanks from Ben Barrett, the players and the Boosters.

Taken in color, the films equal any ever shown here by big time college coaches in after-banquet screenings of their respective squads.

But the true value of the films to Salem High school, of course, lies not in the expert photography, the beauty nor the simple enjoyment of seeing the games after they have been played.

The real value of the films in this day of specialized, intricate football, is to the coaches and the team immediately after any game. Mistakes can be clearly pointed out, analyzed and ade-

quately corrected before that game the next week. It's a relatively new field now vital in scholastic coaching and the Boosters should take full cognizance of the benefit they are offering teams by providing the films.

It's an expensive project no one can deny. The costs run as high as \$90 per game here, but the value is certainly there. Especially when the work is done as well as it has been.

The Boosters should be proud of the facility they have manufactured this year. It's a development that the club certainly must continue.

## CAGE CAPERS

People are still thinking and talking quite a bit of football, but Salem's cagers—the high school kind—began workouts at the local gym Monday.

Bob Miller's hopefuls, after a long spring and summer of limited sessions, are preparing to reveal something encouraging to Salem's climbing once again to district basketball heights. It may well begin to show this season, but the big hopes are being pinned—by those experts who pin such hopes—on the 1950-51 season when experience will be the chief weapon.

The season doesn't open until Christmas month arrives, but the youngsters, exclusive of those who battled in football togs, are already at it. The gridders turn cagers about next Monday.

## ODDS AND ENDS

Oddly enough, three of the foes Salem played this season, including Ravenna (which we defeated), are listed among the top outfits in the state this year. . . . The other two are New Philly and Canton Timken, neither of which went home with any impressive win over the Quakers. . . . Struthers disappeared from the top group soon after Salem and Ravenna bounced them soundly. . . .

The 1916 New York Giants set a record of 26 straight victories at home, had another string of 17 wins on the road—yet finished fourth.

The nickname for Texas Christian university varsity athletic teams is Horned Frogs, and the freshman squads are called Polliwogs.

## Those TV Idols, Groaners, Will Be In Salem

Amvets Co-Sponsors  
In Wrestling Show  
Here Nov. 26th

A chance for Salem's television wrestling fans to see a group of professional grapplers in the flesh will be afforded Saturday night, Nov. 26, at the Memorial building.

Frank "Toar" Julian, noted Salem grunt and groaner, who has been touring the West coast recently, announced this week that he will promote the mat card here next week.

Arrangements for the matches are being completed this week by Julian and the Salem Amvets, co-sponsors.

Julian said, "We hope to bring to Salem some of the wrestlers that local fans have been watching on their television screens. If everything turns out well, we want to stage a series of matches here this winter."

He said he has been assured that one noted grappler, Don Eagle, the Indian will come to Salem to perform. Don Eagle is a particular favorite with TV fans.

The lineup for next Saturday's card will include Julian, who tips the scales to a tidy 235 pounds. "Toar" will tangle with Jim Spencer, 225 pound bruiser from Boston, who has appeared here in years past.

Another match will feature Walter "Sneeze" Achui, 205, Chinese wrestler, who played a bang-up game at tackle for the University of Dayton. He will be opposed by Pancho Valentino, 215, of Mexico City. The latter is billed as a former bull fighter.

Julian said he plans to team the winner of the first match and the loser of the second against the other two in an Australian tag match, which will cap the card. That event, which almost defies description, allows the two-man teams to alternate at any time.

## Big Ten Selection To Be Named Monday

CHICAGO, Nov. 16—(AP)—The Western Conference representative in the 1950 Rose Bowl will be announced Monday by the Big Ten office.

Commissioner K. L. (Tug) Wilson said faculty committees will begin voting on their first, second and third bowl selections after Saturday's games and the poll will be assembled Sunday. Wilson said that preparations for the game in Pasadena, Calif., included the scouting of U. C. L. A., Stanford and California last Saturday. These teams also will be scouted this week. Stanford meets California and U. C. L. A. faces Southern California.

Northwest Coach Bob Voigts has predicted that Minnesota will defeat Wisconsin Saturday. He rates the Michigan-Ohio State game a toss up. Northwestern has played all four schools. Voigts believes Minnesota, on the day Northwestern played the Gophers, was the toughest of the four.

## Boosters To See Pictures At Meeting Thursday; Club's Election of Officers Slated

There'll be more than the usual interest in the showing of the pictures of the Salem-Lisbon football game Thursday evening at the election meeting of the Salem Boosters club.

For the films, according to all who have seen them, show the disputed play, on which Jim Ferece crashed to the Lisbon goal line (or was he over?) in the second quarter. Salem fans, of course, felt at the game that Ferece had scored, but the official on the play said no. The TD, of course, would have given Salem six more points.

## Here's One Answer On Why Wrestling Draws 'Em In

By RIP WATSON

NEWARK, N. J. Nov. 16—(AP)—How can a wrestling show draw 8,300 people in the same town where 300-400 was a normal crowd at a Class AAA league baseball game?

For the answer to that one, consult Willie Gilzenberg, one-time boxing manager, boxing promoter and now a pillar of the wrestling business.

Gilzenberg, a short, somewhat round man who is almost never at a loss for words, advances several reasons why his match pitting Gene (Mr. America) Stancie against Antonio Rocca drew over 8,000 last Oct. 28, while the Newark Bears had crowds in the hundreds.

"If you have what the customers want, you have to turn them away," he mused philosophically. "Guys come to the ticket window at my wrestling match and say, 'what the — am I doing here? My wife (or girl friend) wants to see these bums — so give me two tickets.'"

"Another thing is showmanship," Willie continued without a pause. "One time I'm in Boston with my wrestler, Tony Galento. The bout is a little dull, so I jump into the ring and take a poke at one of the biggest gorillas in the wrestling business. Of course I don't actually hit him, because I'm not crazy, but the crowd thought it was wonderful."

A native of this industrial-shopping center city just across the meadows from New York, Willie claims that his formula includes an ability to "feel the pulse of the people in Newark." He pointed out that Parke Carroll, Newark Bears' general manager, was greatly handicapped in his efforts to get out patrons because of his newness here. Carroll was transferred from Kansas City to Newark by the parent New York Yankees.

Newark people don't want to see a farm club, when they can get in a car and drive over to New York for the big team," he said. The now defunct Newark football Bears, a farm club of the Chicago Bears football team, had the same trouble, he added.

How about boxing? This query brought a look of dismay to Gilzenberg, who gave up trying to promote boxing here because, he says, "you can't make a living from losing money."

More than 75 per cent of the members of Syracuse university's 1949 football squad are residents of New York state.

The Seabright Lawn Tennis and Cricket club held its first net tourney in 1884.

The beautiful colored films of the game, some of the finest ever taken of the Salem team, arrived yesterday and were screened with avid interest by a few local officials and fans.

According to all reports, Ferece is shown definitely scoring on the play.

The question of his knee or knees hitting the ground, those who have run the play over and over on the screen say, isn't involved, as he lunged head first over the goal line by a considerable margin, never being stopped by the tackler who confronted him from the front, not the rear as the official explained the play.

Regardless of the outcome of the game, the films prove very interesting all the way and should provide Boosters with plenty of entertainment Thursday evening.

Fritz Bichsel, president of the club, says the annual election of officers will be held Thursday. A nominating committee is to have a slate of candidates selected for choice by the Boosters.

The session, expected to attract one of the largest crowds of the season, will get under way at 8 p. m., Bichsel said. The club also will complete arrangements for the annual football banquet at the Memorial building at 6:30 p. m. Monday. Ticket sale reports are to be made to Cliff Callahan, banquet committee chairman.

Tickets for the banquet are still available and can be secured from any Booster member or at the building from Joe Kelley until Friday evening, Callahan said.

## Flyers Make Bid To Overcome Barons

By The Associated Press

The St. Louis Flyers are making a strong bid to overhaul the Cleveland Barons in the Western division of the American Hockey league.

The Flyers carved out their ninth victory of the season last night, whipping the Hershey Bears, 9 to 3, and now trail the Barons by only three points. The Cleveland club has 11 victories, two losses and one tie for 23 points, while the Flyers have totaled 19 points on nine triumphs, seven setbacks and one tie. Eddie Olson sparked the Mis-sourians, scoring three times for the coveted "hat trick." Red Doran added one goal and assisted in three others for the winners.

While the Flyers will be idle tonight, Cleveland will be playing host to the Cincinnati Mohawks, the Western half's last place six.

Other games will find Pittsburgh at Springfield and Indianapolis at Providence.

## Wants State Represented In Tourney

W. Virginia Coach  
Seeks Way To Get  
NAIB Entry

MORGANTOWN, W. Va., Nov. 16—(AP)—Coach Lee Patton of West Virginia university believes the Mountain State should be represented each spring in the NAIB basketball tournament at Kansas City.

And with that thought in mind, Patton has asked the mentors of other state college quintets how they feel a West Virginia representative should be chosen for that competition.

Patton assumed this year the chairmanship of the NAIB's district 28, which is West Virginia. For the past several years that post has been held by Cam Henderson of Marshall, and his team won the NAIB title in 1947.

West Virginia university itself, Patton has emphasized, plans to take no part in the NAIB program. But he believes one of the state's top machines should make the tournament trip each year.

"I frankly am at a loss to say just how we could choose such a representative," Patton admits. "Should we name the regular season state conference champion, or the winner of the conference's post-season tournament? Or should a committee of coaches assume the burden?"

Marshall, which also took part in the 1948 tournament, likewise must be considered each year as a possible tournament entry, Patton explains.

Last season, at least, the state college tournament dates conflicted with the NAIB event. But Patton has learned that this year's state meet will be the week before the Kansas City affair, and thus possibly clear the way for the West Virginia conference champion to make the trip.

Patton also has announced he hopes to attend the next conference meeting, scheduled for Clarksburg Nov. 21, to discuss the matter further with the various school officials.

## Sandy Hill Seems Clear Cut Choice For Spot On INS All-Ohio

COLUMBUS, Nov. 16—(INS)—Sandy Hill's efforts in leading powerful Circleville almost single-handedly to its second straight undefeated, untied season apparently won't go unrewarded.

So far in early balloting, the 165-pound speedster is about the only scholastic grid star virtually a unanimous choice to International News Service's 1949 All-Ohio high school football team.

Hill is the state's only performer already assured of a position on the team regardless of the selections on future incoming ballots.

Other top backfield choices so far include Canton McKinley's John Rogers, Irvin Crable and Dick Jacobs of Massillon, Jim Bolger of Cincinnati Purcell, Mansfield's A. C. Jenkins, Dick Hill of Findlay, Middletown's Al Sebald, Ron Maurer of Lakewood and Bennie Massaro of Wooster.

Tops among line nominees to date is Lloyd "Punk" Williams, Marion Harding's brilliant 167-pound guard. Williams' closest competitors for a guard slot appear to be Upper Arlington's Wally Hamilton and Massillon's Richard Shime.

Cincinnati Purcell's Bill Hall, Ed Demyam of Mansfield and Hosea Sims of Fremont are far ahead in flanger balloting. Center and tackle voting has yet to produce any single standout.

Until last Friday night, Dick Smith was strictly a defensive star for the unbeaten Wooster Generals.

Then Bennie Massaro, Wooster's outstanding left halfback, suffered a leg fracture.

Smith was rushed into the game and promptly took off on a 55-yard touchdown run. Wooster won the game, 41-0, over Orrville.

According to all reports, Mansfield's layoff two weeks ago accounted for the Tigers' comparatively poor showing in edging Toledo Waite, 7-0, Friday.

Mansfield blocking and tackling reportedly were well below par, and only the expert passing game of quarterback Don

Cline saved the day. Cline completed eight of 11 aerial attempts, one of which was a nine-yard touchdown heave, the only score of the game, to lanky Demyam.

Barberton upset Hamilton, 21-0, Friday with a play devised from the bench during the game.

The hastily conceived play involved decoying a Big Blue defensive halfback out of position with Barberton's left end and then shooting the right end into the vacated territory as the passing target.

The play worked twice for a touchdown each time, with Fullback Dave Stimac passing and End Jack Murphy receiving. Barberton's third tally came as the result of a pass interception.

Circleville's all-conquering footballers appeared on a television show yesterday as a reward for their 18th consecutive victory Friday over Washington, C. H.

Sandy Hill, Circleville's star halfback, also got a special reward. He was Columbus Mayor James Rhodes' guest at the Ohio State-Illinois football game.

## Eastern Lines Get Rate Hike Through ICC

Rail Fares Will Go  
Up Somewhat For  
Passengers Soon

WASHINGTON, Nov. 16 — (AP) — Another raise in basic railroad passenger fares in the East now has government sanction. Coach tickets will move above the price of pre-war Pullman transportation.

The Interstate Commerce Commission, splitting 6 to 4 on the matter, issued the increase authority to 61 Eastern lines late yesterday. It permits a 12 1/2 per cent hike in both coach and sleeping parlor car mileage charges. It may be made effective on five days' notice to the public.

Commutation fares are not affected, but the upward revision in basic interstate passenger rates will go to 3.376 cents per mile in coaches and 4.5 cents per mile in Pullman cars.

This compares with 2-cent

coach rates and 3-cent Pullman rates in 1941. Four increases since then have advanced the eastern rates more than 50 per cent.

Southern and Western railroads in the same period have made advances of about 20 per cent, the basic rates in these sections now being 2.5 for coaches and 3.5 for Pullmans.

The Eastern lines, conceding that the new increase might divert some traffic to competing forms of travel, estimated that the changes would yield them another \$37,800,000 a year, to help meet a continuing drop in passenger service revenues, which last year showed a record deficit of more than \$252,000,000.

The ICC majority said the lines had proven their case. It held that more railroad income is needed in the light of heavier operating expense and that the new rates "will still be relatively low" when compared to the general level of incomes "and prices generally."

ICC Chairman Charles D. Ma-haffie differed sharply, filing a dissent for himself and three other commissioners. He said the failure of the previous postwar increases to halt the passenger revenue decline should be a warning that additional travel business may be lost.

The territory affected is east of the Mississippi river and north of the Ohio and Potomac rivers, plus the so-called Potomac region of West Virginia and northern sections of Virginia.

Improving certain streets by constructing water lines therein; are payable at the office of the legal depository, presently The Citizens Savings Bank, Leetonia, Ohio, and are supported by a limited general tax.

Said bonds will be sold to the highest bidder offering the lowest interest rate at not less than par and accrued interest. All bids must be accompanied by a bond or certificate payable to the village clerk in the sum of \$400, upon condition that if the bid is accepted the bidder will receive and pay for the said bonds within a reasonable time after the award thereof or forfeit the same as liquidated damages in the event said condition is not fulfilled.

Bids shall be sealed and endorsed "Bids for Village of Washington Water Line Bonds." The proceedings looking to the issuance of these bonds have been taken under the supervision of Messrs. Squire, Sanders & Dempsey, bond attorneys of Cleveland, Ohio, whose approving opinion, together with the printed bonds, will be furnished at the expense of the village. The village reserves the right to reject bids.

## Q's & A's

Q-What causes fence and telephone wires to vibrate and hum on a clear still winter day?  
A-As air moves over the wire, a series of eddies develops, first on one side, then on the other. These cause the wire to vibrate, like a violin string and give the characteristic hum. The vibrations are then transmitted with greatest force to the poles which act as sounding boards.

Q-When was the Alaska Highway opened to tourist travel?  
A-The Alaska Highway, stretching 1,523 miles from Dawson Creek, B. C., to Fairbanks, Alaska, was opened to tourist travel in 1948. Of this length, 1,221 miles are in Canada, and 302 miles in Alaska.

Q-How many men hold the rank of five-star general?  
A-Four. They are George Marshall, Dwight Eisenhower, Henry Arnold-all retired-and Douglas MacArthur. A bill has been proposed in congress to make Omar Bradley a five-star general.

Q-Was branding ever used as a form of punishment in England?  
A-Branding was prevalent for a time in England, and criminals were branded with a red hot iron on the cheek, the hand, or some other part of the body, but the practice was abolished in 1823, except as a punishment for army deserters up to 1879.
